Backlink Bully Product Selection Tutorials

Welcome to my newest videos(8-27-09). I received quite a few PM's on the Warrior Forum about how I go about product selection so I thought this would be of help.

For more video topic requests, email me at admin@backlinkbully.com

I won't be able to respond to them all but I will make videos on the topics most requested...until you tell me to get lost lol

Oh, forgot to mention. I am working on a WSO that will help you if you use Angela's or Paul's backlink packets.

In one of the videos I mentioned how to go to yahoo.com to figure out a sites backlinks. The image will make more sense

Also, wanted to mention, the site I showed you for the keyword "Xbox on 360 sale" Has a lot of backlinks to the home page..but not to that specific page.

I would be able to outrank it with that keyword in my domain name. How do I know? Through experience. Experience is the best teacher. You will learn to be able to glance at the front page of Google and get a feel for whether or not you can rank for a keyword

Don't be afraid to make mistakes. I guarantee the mistakes you make can't be any worse than me taking down my first blog that made \$200 the first month!

I really hope you like the videos. If you like them, I'll make more

-Mark
